CREATING MASTERPIECES — WITH OUR INTEGRATED WORKSHOP

Our integrated workshop caters to unique production needs, offering a one-stop destination for creative requirements. With skilled carpenters, blacksmiths, artists, designers and clothes, we provide filmmakers, photographers, and production companies with customized setups and everything they need to turn their dreams into tangible masterpieces.

EQUIPMENT

The studio offers a range of industry-standard camcorders, lenses, lighting setups including professional-grade fixtures, diffuses, and controls – with every grip and rigging piece to mount lights and support cameras, complemented by high-quality audio equipment for filmmakers and cinematographers.

Furthermore, the studio allows the photographers to create stunning shots through covering all their needs.
